W.M.U. Kendall Conference Center, Battle Creek, MI

Technology changes at an ever-increasing speed while trying to satisfy the needs of staff, regulators, and patients. Healthcare groups want to focus on the patient and not on the technology. Join your HIT peers in a symposium designed to keep you looking forward while keeping the necessary records to meet future requirements.

Attendees:

Administrators, Office Managers, Executives, and IT Staff

Registration: 8:30 a.m.

Time: 9:00 a.m. – 2:00 p.m.

Meals: Continental breakfast

Lunch (Provided by )

Featured Topics:

- "HITECH Security: More Than Just a HIPAA Update"
Bruce Eckert, Regional Manager
Beacon Partners, Inc.
- "BIASurvivor-Maintaining Technical Availability for EHR Systems"
Dawn Simpson, V.P. of Market Development
Trivalent Group
- "Ensuring Technical Requirements Satisfy Customer Needs in Health Care"
Giri Dandamudi, M.D.
